The Democrats lied about the McKinley tariff bill just as they are lying about the new tax laws. Trust the Republican party!

The Supreme Court has decided that you must keep your ballot all in one column. Vote the straight Republican ticket and take no chances.

The Republican party always keeps its promises. It redeemed the Wheeling platform six weeks after it was made. It has enacted laws which reduce and equalize taxation. Vote for Dawson!

Speaking of school teachers suggests that there is great need of one on a certain local newspaper, owing to its miserably bad English. However, "where ignorance is bliss 'tis folly to be wise."

To whom would you rather trust this government, Mr. Cornwell, the politician from Hampshire, or to Mr. Dawson, a splendid business man and capable official who has always consistently advocated a just and honest revision of our tax laws? You must choose election day!

By apologizing for and trying to deny what Wait Conaway said in his ill-advised and hot-tempered tirade at McClellan on Tuesday night, the Times becomes a party to his mudslinging. He did call Mr. Dawson a "dirty cur" and it is no use to deny it. In speaking of what he termed Dawson's surrender to the corporations he said "he layed" down like the "dirty cur" that he is." He then proceeded to picture in terms of darkest hue what a traitor is and called Mr. Dawson the Benedict Arnold of West Virginia, predicting that the time would come when people would teach their children to despise the name of the Republican candidate for governor. In contrast to this black picture, he painted in glowing terms, the first President of the United States, the father of his country, and said "John Cornwell is the George Washington of West Virginia." All this villification and description took place in the short space of thirty minutes which was supposed to be given to a discussion of the tax question. We learn that Mr. Conaway is to go to Hampshire county to-day to make a speech and it strikes us that there is the place for him to go. He can call Republicans dogs, niggers, blacklegs, devils or any old thing he pleases and the Hampshire county Democrats will think he is using the proper terms. There is so little in keeping between the Democrats of Jefferson and Hampshire and the rank and file in this part of the State that it seems remarkable for the dis-montane Democracy to affiliate with such narrow minded representatives of the party. How any Republican in Marion county could indorse by his vote the course pursued by John Cornwell of the rock-ribbed, hidebound Democratic county of Hampshire, a county suffering from Old Virginia "dry rot," is more than we can comprehend and we do not believe such will be the case.

The Times took a column a and half of its valuable editorial space in trying to maintain a contention which no one cares anything about, concerning the assessment of large coal areas owned by the railroad companies. Mr. Lough made no specific statement as to how these coal fields would be assessed; he simply said they would be assessed, and from the fight being made against the new laws by the owners of them, they think they are to be assessed, too. Now, grant that the contention of the Times is true and that these lands will be assessed by the Board of Public Works. Does the Times mean to impeach Mr. Cornwell and his associates on the State ticket by saying that if elected they will not do their duty in this matter and assess these coal lands at their true value according to law? Its point may be well taken for, being supported as they are by these tax dodgers, the Cornwell crowd might be too lenient toward them, but if Mr. Dawson and his associates are on that board the people may rest assured the true and actual value of every acre will go on the assessors' books.

Colonel Guffey, of Pittsburg, under whose leadership the Democratic party in Pennsylvania and Allegheny county has gone to pieces, is trying to help carry West Virginia for Parker and Davis. All the money Guffey can dump into that State will not take it out of the Roosevelt column.—Uniontown (Pa.) News Standard.

It is doubtful if Colonel Guffey wants to take it out of the Roosevelt column. What he is trying to do is to elect Cornwell, having instructed his agents to option coal to be taken up and paid for in the event the Democratic candidate beats Dawson. It is business, not politics with Colonel Guffey. He thinks with Cornwell as governor he can dodge the payment of his just share of taxes, as he has been permitted to do under our present system. Colonel Guffey has made millions among us and has been required to give but little in return. The intention of the new laws is to make the rich like he carry their rightful share of the tax burden.

A special to the New York Tribune from Parkersburg says: Dave Hill's abuse of the President, has done more to solidify the Republicans of this State for Roosevelt and the entire Republican ticket than anything else could possibly have done. The figures in the poll mentioned give the head of the ticket 30,000 plurality, and the election of all five Congressmen by majorities ranging from 3,000 to 7,000. This is not guesswork, but the result of actual canvassing in the field by careful men, and can be depended on. In Kanawha county, the great southwest centre of the coal and coke industry, the Republican majority will be 3,000; in McDowell, 2,500; in Fayette, 2,000, and the Republicans will carry even Democratic Mingo.

It is important that we should have a Republican Legislature in this State in order to elect a Republican United States Senator to uphold Republican policies at Washington and to continue the good work of tax reform. Support your legislative nominees to a man!

## DO YOU WANT TO VOTE FOR ROOSEVELT? DO YOU KNOW HOW? MAKE NO MISTAKE.

Many Democrats say they want to vote for Roosevelt but for no other Republican candidate. You cannot do so by scratching out Parker and writing Roosevelt on the Democratic ticket.

No man can vote directly for either one of them. Their names count for nothing on your ballot. You must vote for the Republican electors if you desire Roosevelt's election. That is the only way your vote can be counted for Roosevelt. On the Democratic ticket are printed the names of seven Democratic Presidential electors, who, if elected, will cast the vote of the State for Parker and Davis. On the Republican ticket are the names of seven Republican Presidential electors, who, if elected, will cast the vote of the State for Roosevelt and Fairbanks. NOW LISTEN—IF YOU WANT TO VOTE FOR ROOSEVELT ON THE DEMOCRATIC TICKET, You must scratch out the names of the seven Democratic Presidential electors on that ticket, and then write the names of the seven Republican electors in their places. Then you must see that the names of all other persons you want to vote for are on the Democratic ticket and deface all the other tickets on the ballot sheet.

## POLITICAL CRISIS IN WEST VIRGINIA.

Gentlemen of the Republican party, do you realize the tremendous issues of this election as regards West Virginia? This is the last supreme effort of the Democratic party to put your State back into the Solid South. If they succeed, then will follow Goeblizing and Germanizing of your election laws so as to make it impossible ever to carry it again for the Republican party. Henry G. Davis has no hope of election to the Vice Presidency, nor have the West Virginia Democrats any expectation of an election of Parker. If they can carry this State and entrench themselves in power as indicated, they will account it glory enough. To this end, Davis has opened his great barrel and he and John T. McGraw have their hands in the lockers of the Democratic National Committee. They will spend hundreds of thousands to carry this State. Why this great effort? Because they know this is their last chance to capture West Virginia. Remember, this is your last chance, too. To your tents, O Israel!

## THEY WANT THE OFFICES.

From the Norfolk (Va.) News.]

The real proposition: "We Democrats, in convention assembled, declare that we want office, now if you voters will support us we will promise to do things as the Republicans have done and in the Republican way, which is right; we tried for your votes by promising to do different from the Republicans, but you wouldn't have us; now will you have us if we do just like them?"

## EXIT BAILEY.

The Hon. Joseph W. Bailey will hardly feel encouraged to go campaigning again for Parker and Davis in these parts. The Times and the Evening Post have both denounced him as a "shuffler" and a "puffer" on the tariff question and the World has told him that his digressions on the race issue were an imprudence and an offense.—N. Y. Tribune.

If you defeat Dawson, just after the Republican party has come into power by a struggle of many years, and thus restore the Democratic party to power, when will you come again into power? When will young men or others having aspirations for the future, realize their hopes through the Republican party? The defeat of Dawson would work disorganization and break down the ladder by which you expect to climb up. Think twice before you do this.

Col. Joseph H. McDermott, soon to be State Senator McDermott, was in the city yesterday and called to see us. He says the Monongalia Republicans are wide awake and will give a majority that will be pleasing to the brethren of its sister counties. He added that we will get Democratic help down there, as we will in this county, on account of the new tax laws.

It is to be regretted that W. H. Conaway has been sent out of the county. He was doing good work for the Republican cause hereabouts.

## New Divorce Resolution.

MALDEN, Mass., Oct. 28.—At the meeting last night of the Massachusetts Baptist Anniversaries an important resolution was adopted as follows:

"Resolved, That we recommend that Baptist ministers refuse to marry persons who have been divorced upon any other grounds than those set forth in the New Testament."

## WEST VIRGINIA HELD UP TO MARYLAND AS AN EXAMPLE.

Democrats concede the election of Roosevelt, and the mere fact of that certainly is of itself a powerful argument that Maryland should line up with the Republicans as it did in 1896 and 1900. General prosperity, in the maintenance of which the Republican tariff policy has been a chief factor, has been, with the forceful, personal and administrative qualities of President Roosevelt, the great argument for continuance of Republican administration. Maryland is vitally interested in the perpetuation of that tariff policy. On its account, if no other, West Virginia is as certain as Pennsylvania to give a majority for Roosevelt and Fairbanks. The interests and industries of Maryland are largely identical with those of West Virginia and Pennsylvania, and no manufacturer, business man, workman or farmer of Maryland should permit the State to go on record as supporting a party whose candidates stand on a platform which declares that "protection is robbery." Maryland, like West Virginia, is a protective tariff State, and after the early campaign blunder of ex-Senator Davis, who admitted that he had always been a protectionist, no Democratic speaker in Maryland or West Virginia has dared to dwell upon the tariff issue or refer to the declaration in the Democratic platform, which must be an offense to every patriotic Marylander and West Virginian.

Maryland is reaching out for the introduction of new industries within her borders. Baltimore is about to offer liberal inducements for the establishment of new factories in her vicinity. It will seem utterly illogical to stretch out one friendly hand to welcome such institutions and with the other deposit a ballot to stab them in a vital part. If Maryland at large and Baltimore, the metropolis, desire prosperity for manufactures already here, and to induce fresh investment, they must by all means proclaim that they will in no way attack the tariff.

It would, indeed, be a regrettable conclusion if Maryland should support the Democratic platform allegation that "protection is robbery," while her sister border State of West Virginia declared her unswerving loyalty to the highest interests of her people and her industries by giving a Republican majority. With a majority for the Republican national ticket, moreover, Maryland should also elect Republican Congressmen—men whose loyalty to protection cannot be doubted, and who at all times will champion that cause in the House of Representatives.—Baltimore American.

## THE PHILIPPINE MARKETS.

In Judge Parker's remarkable speech on the Philippines on Saturday—a speech of misstatements and unbalanced arguments—he said:

"Are the Philippine Islands to-day a self-supporting community? Are not their efforts toward acquiring such position embarrassed at every turn by the legislation we have forced upon them? Had we left them to their own devices they might have dealt with foreign nations. Had we brought them within the United States of America they might have dealt with us. To-day they can do neither."

In 1897 the total imports into the United States from the Philippines were \$4,383,740. In 1903 they were \$11,373,584—more than two and one-half times as great. Exports from the United States to the Islands in 1897 were \$94,597, and in 1903 \$1,693,909—more than forty times as great. Does that look much as if the Philippines could have commerce neither with us nor with foreign nations?"

Judge Parker asks further: "Where are the Philippine markets? Where the development of their natural resources?"

Well, it is hard to say. If a market which has increased more than 150 per cent, in less than seven years is not developing fast enough for Parker, he should be kind enough to explain how fast he thinks it would have developed if the islands had been "left to themselves."

## British Cruisers Moving.

LONDON, Oct. 28.—A dispatch to the Central News from Gibraltar says that the British cruisers Lancaster, Suffolk, Doris, Hesper, Endymion and Thetis have left there, heading for the westward, and it is believed that their destination is Tangier. A dispatch to the Exchange Telegraph Company says the cruisers have gone to Vigo, Spain.

## THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unfailing success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists.

All For Kissing a Pretty Girl.  
WASHINGTON, Pa., Oct. 28.—Richard Ambush, of Canonsburg, was this evening heavily fined and ordered out of town, and told that if he ever was brought before the magistrate again he would be sent to jail, because he kissed a pretty girl on the street. Last night in Central avenue Ambush seized the girl and, drawing her close to him, kissed her repeatedly.
